

TASTY. FRESH. NUTRITIOUS. LUNCH ORDERS

We are an exciting business called "Lunch Mums" providing lunch orders and catering delivered directly to your school.

We are three mums, Pina, Grace and Melissa that pride ourselves in offering children with a selection of wholesome and tasty lunches to help fuel a child's learning day ahead. As well as offering the old-time favourites and treats.

As parents of 7 children amongst us, we founded Lunch Mums to help take the pressure off parents and provide an efficient way of ordering good quality lunches for your children delivered fresh to your school.

Lunch orders are placed via the "My School Connect" App. Making this a hassle-free ordering solution for the school and parents. Orders can be placed in advance, leaving one less thing for parents to do. Rest assured knowing that their child's lunch is taken care of, available from our kitchen direct to the school.
